GRAVES BLANC

"Young winegrowers in the Graves, we changed our lives in 2015 to settle in our native region on a 16-hectare farm.

My husband takes care of the vines with a constant concern for our environment and, as cellar master, I strive to produce wines with roundness and very fruity for a friendly way of consumption!" Aurelia

Pale yellow color, nose of white flowers with hints of citrus. Its freshness and its very nice volume in the mouth make it an elegant wine, suitable for all opportunities.
